

COVID MANAGEMENT POLICY

AIM

Abaxa is committed to Protecting People and Infrastructure ensuring the safety and health of all employees and subcontractors associated with its operations. Abaxa is committed to play our part in helping to restrict the spread of the virus by following the latest State and Federal Governments health directives.

OBJECTIVE

COVID-19 poses a real and significant threat to the most vulnerable in our society and as an underground services detection company working within the construction industry. The protection of public health is at the heart of what we do.

POLICY

- Practicing government prescribed levels of hygiene in our premises and when at our clients' sites, complying fully with any specific local arrangements.
- Making our employees fully aware of the need to self-isolate if they experience symptoms or where they are at a high risk of infection due to travel or proximity to anyone testing positive.
- Further site risk assessment measures specific to COVID-19.
- Avoiding any non-essential meetings or gatherings for the time being.
- Put in place processes and procedures to enable staff to work from home where practicable.
- Keeping in touch with our customers and maintaining good communications throughout this challenging times.

More information can be found at <https://www.wa.gov.au/organisation/covid-communications/covid-19-coronavirus-controlled-interstate-border#vlr>

Abaxa will be keeping up to date with all the latest government health directives. Abaxa will update the company's policies and procedures in response to the evolving and fast-moving pandemic.

Abaxa looks forward to working with clients and suppliers to navigate this difficult time as safely and efficiently as possible.

The safety of our team takes precedence over everything else!

Tobi Lawrence Ward
Managing Director
